

THE PLAYGROUND

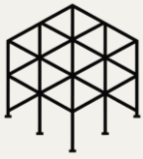

Founder Package

A NOTE FROM THE EXECUTIVE TEAM

Welcome to The Playground.
The Playground is an incubator style organization that gets aspiring founders onto their feet. We are the start, not the finish line.

- Tanry writing the rest of this

“**Building the next generation of Canadian Talent through Collaboration, Communication, & Commitment to growing YOUR startup**”

Build Canadian Talent

There is a **lack** of Canadian talent within the **entrepreneurial space**. We help Canadian founders **realize their potential** and show what they are **capable of**.

Pillar 2

Pillar 3

Pillar 4

02 RESPONSIBILITY

Create Your Idea

As a founder we take you from pre idea to an actionable business. It is your responsibility to create your idea and decide the route that you want to take your company. From there the Executive team helps you get off your feet and progress throughout your journey.

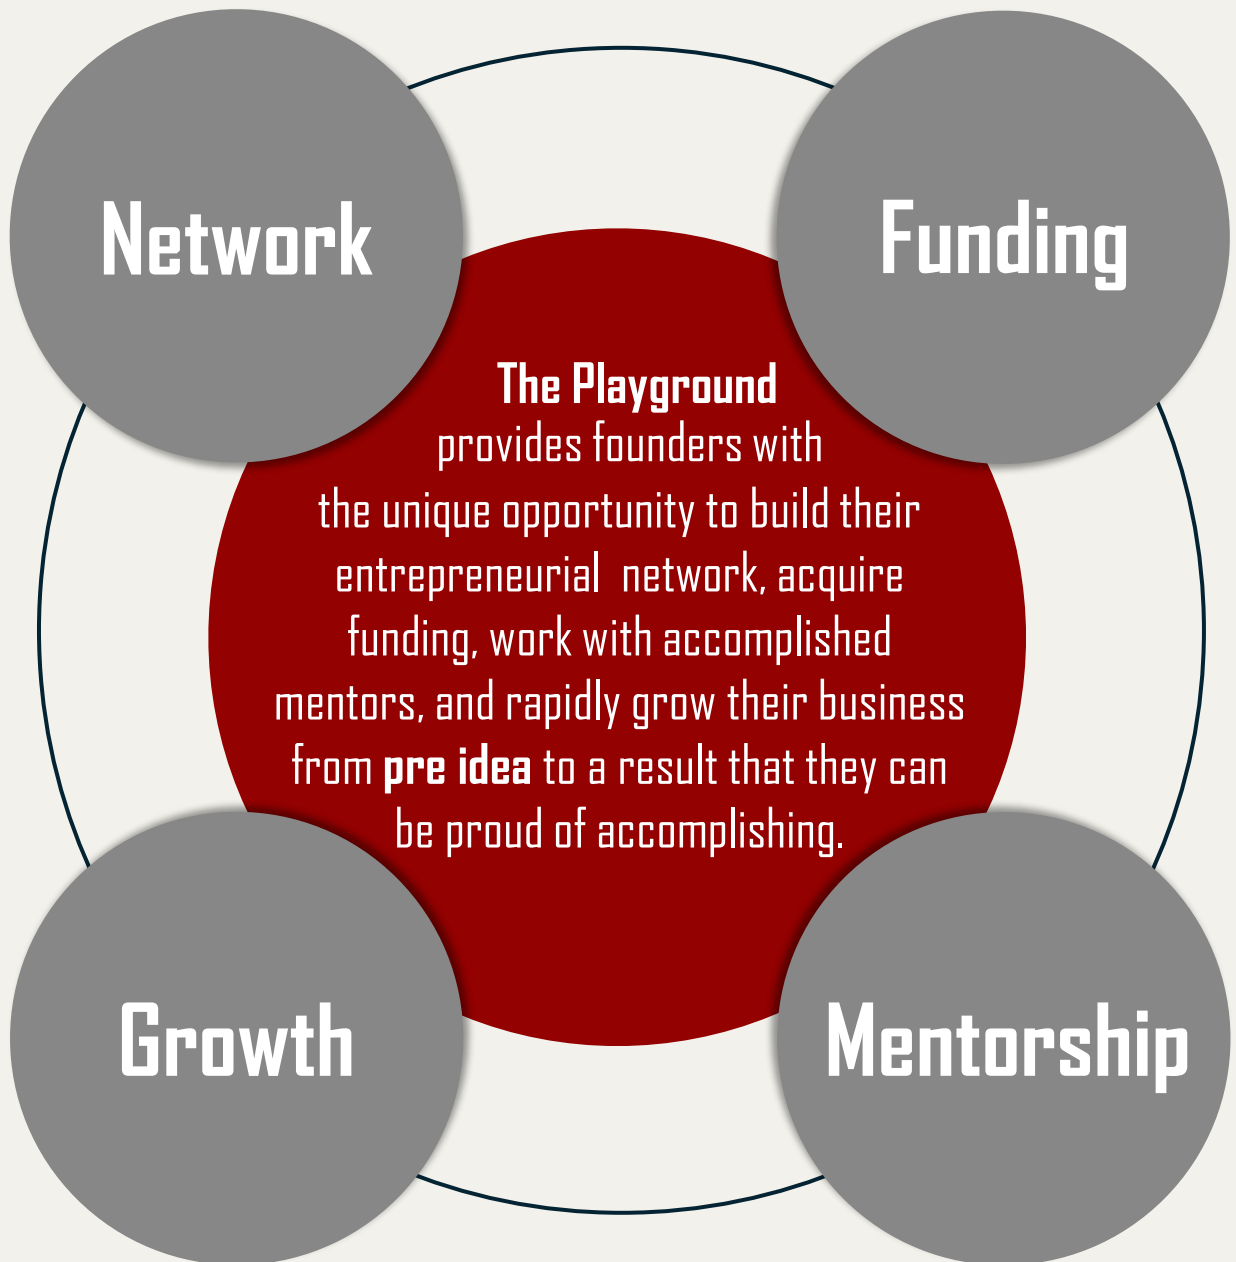

Track Progress

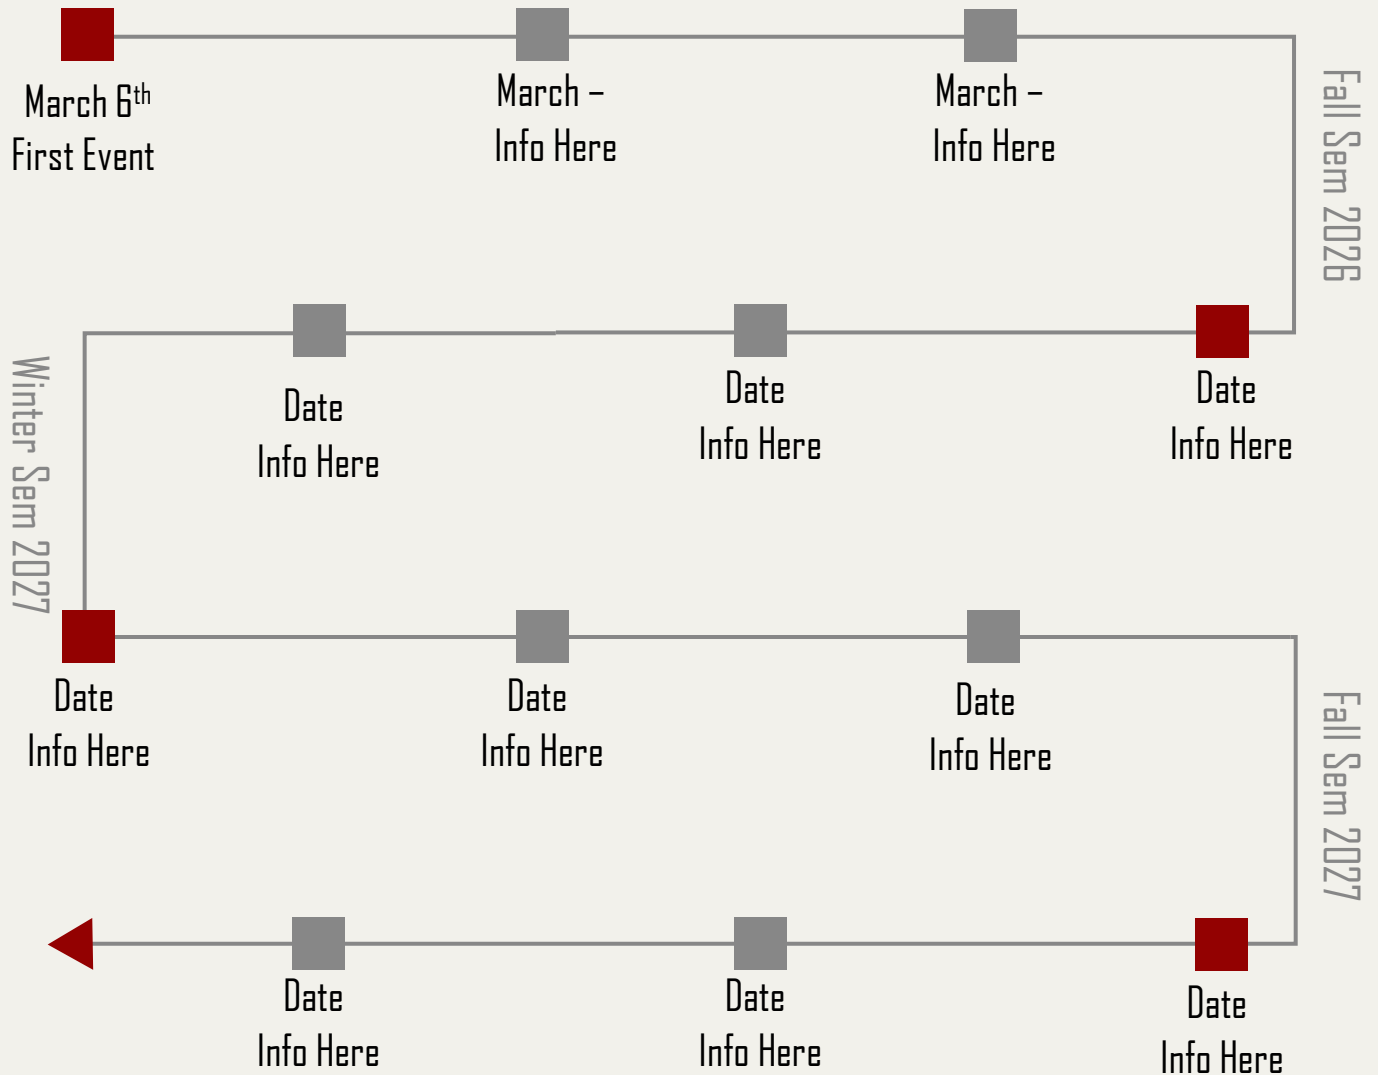

Once the idea is made, actionable steps are what take it to the next level. Over the course of the year, you will be tasked with submitting your weekly progress on our homework website. You will submit your wins and failures from the week, as well as the next steps you are going to take.

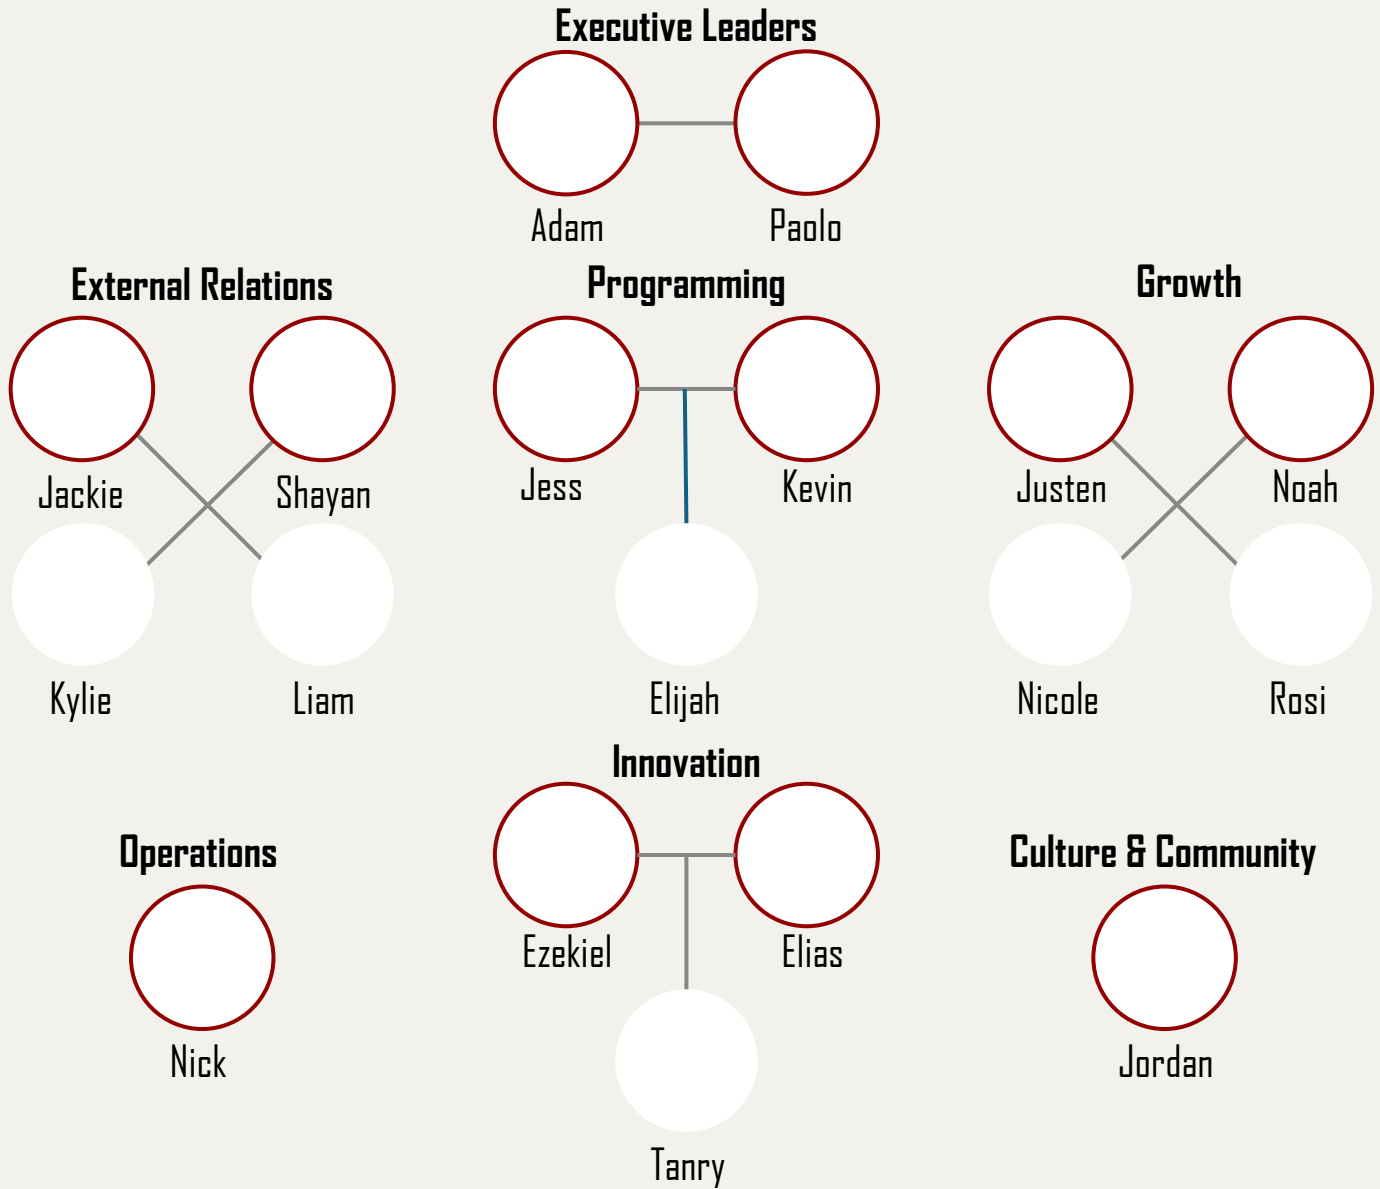

Show Your Results

A core component to creating any business is providing actionable results. There will be set checkpoints in which you will need to create prototypes, acquire a team, and eventually acquire your first dollars in revenue. While this may seem stressful, pressure makes diamonds.

Note that this timeline provides a general overview of The Playground's plans over the next few semesters. A few important dates are our March hiring dates as well as plans for the 2026 fall semester.

***restructure this page once we have all our exec set in each position**

What We Look For

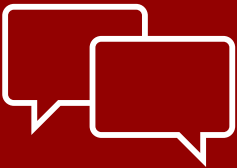

We are looking for dedicated, hardworking individuals with a genuine passion for entrepreneurship. You should be quick thinking and highly motivated.

How to Prepare

To show genuine interest, talk to executives on the club. We can directly tell you about our processes and how The Playground operates.

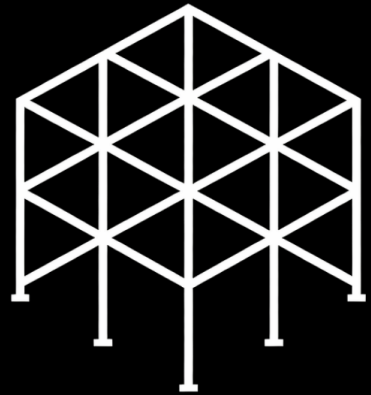

What you can Expect

We aren't going to hammer you with technical questions or irrelevant mental math. Show us how you are an entrepreneurial person and how you stand out from the other founders applying.
